Topic / Question	What is celebration?	Who lives out there?	How can I care for my world and others?
RECIPE Values	ALL RECIPE	ALL RECIPE	ALL RECIPE
Character Skill	Collaboration Communication	Problem Solving Creativity	Emotional Intelligence Critical Thinking
Attitude Outcome	The belief and understanding that by working with others, we can identify our own valid contributions and the importance of compromise and listening to others. We are able to confidently express a viewpoint and understand that people have different points of view and engage with these whilst also understanding the importance of collaboration.	We understand the importance of persevering in order to solve a problem independently and collaboratively. To think innovatively in order to have a strong advantage in the world of work.	Respect for people in school, the wider community and globally by understanding how to control and express our emotions and being empathetic towards others. We question what we hear in order to discover truth and to think and learn independently.
